

Welcome to the first edition of our METIS newsletter for parents/carers and students!

With only 8 short teaching weeks to go until the start of the GCSE exams we are excited about preparing students for their next chapter.

As part of preparation for the final GCSE exams, we will be organising revision workshops during the Easter holidays.

We have recently sent over 700 Cause for Applause postcards to recognise the hard work that our students put in.

Be sure to check out our next newsletter for upcoming student awards!

Student Work

Please be aware that homework is being set once a week in both mathematics and English.

Successful completion of homework leads to higher exam achievement. Students can request replacement copies of homework at any time.

Attendance

It is really important that students are in our classes for every single lesson.

Higher attendance leads to greater understanding and better preparation for exams

Important Dates

Mathematics Exams

Functional Skills

Week Commencing:
30th April 2018
3rd June 2018

GCSE Mathematics

Paper 1 - Thursday 24th May 2018
