Inspire to teach

Engineering

Can your experience, skills and knowledge inspire the next generation of talent? Pass your passion on and help us inspire tomorrow's workforce of future talent.

Choose your level of commitment from a few hours to starting a new career.

Join the 'Inspire to Teach' programme

Our 'Inspire to Teach' programme is an initiative to encourage specialists to retrain and apply their knowledge and experience in a teaching context. We'll be looking to recruit staff from multiple industries with significant experience.

Choose from becoming a part-time lecturer, delivering between:

- 3 - 12 hrs a week, whilst continuing to work in your industry.
- Or up to 25hrs a week as a full-time lecturer.

We will support you with all your training needs, including access to a free teaching qualification (worth approx. £6,000-£9,000) and teaching resources and equipment.

Inspire to teach

Be part of our team of speakers, inspiring the next generation of talent with your expertise and skills

Become a 'College Guest Speaker'

Be part of our team of speakers, inspiring the next generation of talent with your expertise and skills:

- Demonstrate a specific area of knowledge or skill either at your business premises or at one of our campuses
- Choose your level of commitment, from a one-off talk to a regular series of sessions
- Use digital technology to deliver a lecture
- Choose between being paid a day rate, incorporating into a corporate social responsibility or social value commitment
- Be supported by a staff member who will help you and supervise the students
- All assessments and paperwork will be completed by qualified lecturers, complementing the sessions given

Engage with our 'Pass it On' booking system

Can your experience, skills and knowledge inspire the next generation of talent? Pass your passion on and help us inspire tomorrow's workforce of future talent.

We need inspiring industry leaders to share their insights into the future of work and the realities of different career paths.

Are you an employer or industry professional who might be interested in talking and sharing your industry experience with our learners.

Pass it On is a simple, no fuss way of engaging with our T-level students to deliver short, one-off guest speaker sessions, demonstrations or masterclasses.

Book a slot via the QR code link to share your expertise, knowledge and skills to the next generation.
