COLLEGE CODE OF CONDUCT FOR CORPORATION MEMBERS

(Approved by the Corporation on 28 September 2018)

1. INTRODUCTION

- 1.1 This Code is intended as a guide, to indicate the standards of conduct and accountability which are expected of Corporation Members, to enable them to understand their legal and ethical duties and to assist them both in carrying out those duties and in their relationship with the Corporation and Principal as the Chief Executive. This Code therefore is aimed at promoting effective, well informed and accountable college governance, and is not intended to be a definitive or authoritative statement of the law or good practice.
- 1.2 In addition to this Code, Corporation Members are recommended to familiarise themselves with the source documents listed in the Schedule on Page 13.
- 1.3 If a Corporation Member is in doubt about the provisions of this Code or any of the source documents, the Clerk should be consulted and, if necessary, professional advice should be obtained. However, ultimate responsibility for the appropriateness of conduct as a Corporation Member of the College and for any act or omission in that capacity rests with the individual Corporation Member.
- 1.4 This Code applies to every committee or working party of the Corporation and to every subsidiary company or joint venture of the College to which Corporation Members may be appointed.
- 1.5 By accepting appointment to the Corporation each Corporation Member agrees to accept the provisions of this Code.
- 1.6 Each Corporation Member by accepting the provisions of this Code agrees that any breach of the Code by them may lead to the termination of their appointment as a Member in accordance with clause 10 of the Corporation's Instrument and Articles of Government.

3. AIMS AND VALUES

- 3.1 The College's Mission is 'Chelmsford College: unlocking potential'.
- 3.2 The College's Core Values are:
- Excellence in teaching, learning and assessment
 - Innovation in how we work and develop
 - Ambition for all in the College community to be the best we can be
 - Respect and support for every individual
 - Fairness and equity in all our undertakings
 - Outward looking in our development
- 3.3 The College Mission Statement, together with the corporate objectives of the College agreed by the Corporation from time to time, seek to encapsulate the core purposes and aims of the College. Corporation Members, should have due regard to these purposes and aims and to the Core Values when

conducting the business of the Corporation and considering the activities and proposed activities of the College.

3.4 The Corporation recognises its obligations to all those with whom it and/or the College have dealings, including students, employees, suppliers, other educational institutions and the wider community. In particular, the Corporation is committed to:

- having close regard to the voice of the learner;
- combating any discrimination within the College on the grounds of the characteristics protected by the Equality Act 2010 (“the 2010 Act”) and promoting equality in accordance with its duty under the 2010 Act;
- upholding the principles set out in the College’s Student Handbook, which is given to all students on enrolment and copies of which are available from the Clerk;
- engaging with the community which the College serves in order to understand and meet its needs;
- observing its duty under the Education (No.2) Act 1986 to take reasonable steps to ensure freedom of speech for members of the College community and visiting speakers and its duty under the Counter Terrorism and Security Act 2015 to have regard to the need, when exercising its functions, to prevent people from being drawn into terrorism.

3.5 The Corporation is also committed to ensuring that it conducts its business in accordance with the highest ethical standards as set out in more detail in this Code.

4. DUTIES

4.1 Corporation Members owe a fiduciary duty to the College. This means that they should show it the highest loyalty and act in good faith in its best interests. Each Corporation Member should act honestly, diligently and (subject to the provisions appearing in paragraph 10 of this Code relating to collective responsibility) independently. The actions of Corporation Members should promote and protect the good reputation of the College and the trust and confidence of those with whom it deals.

4.2 Decisions taken by Corporation Members at meetings of the Corporation and its committees must not be for any improper purpose or personal motive. Decisions taken must always be for the benefit of the College, its students and staff and other users of the College and must be taken with a view to safeguarding public funds. Accordingly, Corporation Members must not be

bound in their speaking and voting by mandates given to them by other bodies or persons (including but not limited to the bodies that elected them).

- 4.3 Corporation Members must observe the provisions of the College's Instrument and Articles of Government and in particular the duty to give immediate notice to the Clerk should they become disqualified from continuing to hold office and also the responsibilities given to the Corporation by the College's Articles of Government. Those responsibilities, including a list of "reserved" responsibilities which are so important that they must not be delegated, are set out in Appendix 3.
- 4.4 Corporation Members should comply with the Standing Orders and terms of reference of the Corporation and its committees to ensure that the Corporation conducts itself in an orderly, fair, open and transparent manner. Corporation Members must keep those Standing Orders and terms of reference under periodic review.
- 4.5 Corporation Members should also have regard to the different, but complementary, responsibilities given to the Principal as the College's Chief Executive. The responsibilities given to the Principal by the College's Articles of Government are set out in Appendix 4. Whereas it is the Corporation's function to decide strategic policy and overall direction and to monitor the performance of the Principal and any other senior post holders, it is the Principal's role to implement the Corporation's decisions, and to manage the College's affairs within the budgets and framework fixed by the Corporation. Corporation Members should work together so that the Corporation and the Principal as Chief Executive perform their respective roles effectively.
- 4.6 Corporation Members should refer to the Clerk for advice relating to the governance functions which are set out in Appendix 4 and have regard to the Clerk's independent advisory role.

5. STATUTORY ACCOUNTABILITY

- 5.1 Corporation Members are collectively responsible for observing the duties set out in the Financial Memorandum which the College has entered into with the ESFA [and the Funding Agreement which the College has entered into with the EFA] as a condition of receiving public funds. A summary of some of the more important requirements of the Financial Memorandum with the ESFA is set out in Appendix 5.
- 5.2 Although the ESFA is the main provider of funds to the College, Corporation Members should note that they are also responsible for the proper use of income derived from other sources, such as the Office for Students (OfS) and the European Union (EU) and for the control and monitoring of expenditure of such income, in order to meet the requirements of the

relevant funding body and public audit. Where funding is received directly from OfS, the College will have a memorandum of assurance and accountability with OfS which sets out the basis on which such funding is provided. Where OfS funding is received indirectly via collaboration with a OfS funded institution such funding will be subject to obligations contained in the memorandum of co-operation between the College and that institution.

- 5.3 As accounting officer for the Agency, its Chief Executive is directly responsible and accountable to Parliament for ensuring that the uses to which the ESFA puts its funds are consistent with the purposes for which the funds were given and comply with the conditions attached to them. The Principal, as accounting officer for the College, is also directly responsible and accountable to Parliament, through the Public Accounts Committee, for the effective stewardship by the College of public funds. The Principal may be required to appear before the Public Accounts Committee, alongside the Chief Executive of Skills Funding, to give an account of the use made by the College of such funds. The Corporation is accountable to Parliament for ensuring the financial health of the College, and to the Courts for ensuring that the College is conducted in accordance with the Education Acts and the general law.

6. PUBLIC SERVICE VALUES

Although further education corporations are classified as part of the private not for profit sector for government accounting purposes, they remain public bodies in many legal contexts. In particular, public service values are at the heart of the further education service. High standards of personal and corporate conduct, based on the principles set out in Appendices 1 and 2 of this Code, and the recognition that students and other users of the College's services come first, are a requirement of being a Corporation Member, and should underpin all decisions taken by the Corporation.

7. SKILL, CARE AND DILIGENCE

A Corporation Member should in all his or her work for the College exercise such skill as he or she possesses and that may be a higher level than another Member by virtue of their experience or qualifications, but not so as to act as an expert, together with such care and diligence as would be expected from a reasonable person in the circumstances. This will be particularly relevant when Corporation Members act as agents of the College, for example, when functions are delegated to a committee of the Corporation or to the Chair. Corporation Members should be careful to act within the Terms of Reference of any committees on which they serve.

8. POWERS

Corporation Members are responsible for taking decisions which are within the powers given to the Corporation by Parliament under sections 18 and 19 of the Further and Higher Education Act 1992, as amended. A summary of those powers is set out in Appendix 6. If a Corporation Member thinks that the Corporation is likely to exceed its powers by taking a particular decision, he or she should immediately refer the matter to the Clerk for advice. Equally, if the Clerk believes that the Corporation might be in danger of exceeding its powers (acting ultra vires) or otherwise acting inappropriately or unreasonably or unlawfully, he should raise the matter immediately with the Board through the Chair.

9. CONFLICTS OF INTEREST

9.1 Like other persons who owe a fiduciary duty, Corporation Members should seek to avoid putting themselves in a position where there is a conflict (actual or potential) between their personal interests and their duties to the Corporation. They should not allow any conflict of interest to arise which might interfere with the exercise of their independent judgement *nec timens nec favens* – without fear or favour.

9.2 Corporation Members are reminded that under the College's Instrument of Government and its policy on Conflicts of Interest and the general law they must disclose to the Corporation any direct or indirect financial interest they have, or may have, in the supply of work to the College or the supply of goods for the purposes of the College, or in any contract or proposed contract concerning the College, or in any other matter relating to the College or any other interest of a type specified by the Corporation in any matter relating to the College, or any duty which is material and which conflicts or may conflict with the interests of the Corporation.

9.3 If an interest of any kind (including an interest of a spouse, partner or business associate of a Corporation Member or of a close relative of the Corporation Member or his or her spouse, partner or business associate) is likely or would, if publicly known, be perceived as being likely to interfere with the exercise of a Corporation Member's independent judgement, then: -

9.3.1 the interest, financial or otherwise, should be reported to the Clerk;

9.3.2 the nature and extent of the interest should be fully disclosed to the Corporation before the matter giving rise to the interest is considered;

9.3.3 if the Corporation Member concerned is present at a meeting of the Corporation, or any of its committees, at which such supply,

contract or other matter constituting the interest is to be considered, he or she should: -

- (a) not take part in the consideration or vote on any question with respect to it and shall not be counted in the quorum for that meeting; and
- (b) withdraw from that Corporation or committee meeting where required to do so by a majority of the Members of the Corporation or committee present at the meeting.

9.4 For the purposes of clause 9.3 “close relative” includes but is not limited to a father, mother, brother, sister, child, grandchild and step-father/mother/brother/sister/child.

9.5 Where it is proposed that the Corporation should grant a member a financial interest (such as a contract for the supply of goods or services) the Corporation must observe the requirements of the Charities Act 2011. The Corporation may wish to take legal advice before granting such an interest to a member.

9.6 Corporation Members must not receive gifts, hospitality or benefits of any kind from a third party which might be in breach of the Bribery Act 2010 and the College’s anti-bribery policy and the College’s policy on receiving gifts and hospitality or be seen to compromise their personal judgement or integrity. Any offer or receipt of such gifts, hospitality or benefits should immediately be reported to the Clerk.

9.7 The Clerk will maintain a Register of Corporation Members’ Interests which will be open for public inspection. Corporation Members must disclose routinely to the Corporation all business interests, financial or otherwise, which they or persons associated with them may have, and the Clerk will enter such interests on the Register. Corporation Members must give sufficient details to allow the nature of the interests to be understood by enquirers. Corporation Members should inform the Clerk whenever their circumstances change and interests are acquired or lost. In deciding whether an interest should be disclosed, Corporation Members should have regard to the meaning given to “interest” in paragraphs 9.3 and 9.5 of this Code.

10. COLLECTIVE RESPONSIBILITY

10.1 The Corporation operates by Corporation Members taking majority decisions in a corporate manner at quorate meetings, including meetings held by telephone and by alternative methods such as written resolutions, which may be procured electronically, in both cases only if so provided for in the

Instrument and Articles. Therefore, a decision of the Corporation, even when it is not unanimous, is a decision taken by the Corporation Members collectively and each individual Corporation Member has a duty to stand by it, whether or not he or she was present at the meeting of the Corporation when the decision was taken.

- 10.2 If a Corporation Member disagrees with a decision taken by the Corporation, his or her first duty is to have any disagreement discussed and minuted. If the Corporation Member strongly disagrees, he or she should consult the Chair and, if necessary, then raise the matter with the Corporation by means of a specific Agenda item, when it next meets. If no meeting is scheduled, the Corporation Member should refer to the power of the Chair or of any five Corporation Members under the College's Instrument of Government (Clause 12(4)) to call a special meeting and, if appropriate, exercise it, requesting the Clerk to circulate the Corporation Member's views in advance to the other Corporation Members. Alternatively, as a last resort, the Corporation Member may decide to offer his or her resignation from office, after consulting the Chair.

11. OPENNESS AND CONFIDENTIALITY

- 11.1 Because of the Corporation's public accountability and the importance of conducting its business openly and transparently, Corporation Members should ensure that, as a general principle, students and staff of the College have free access to information about the proceedings of the Corporation. Accordingly, agendas, minutes and other papers relating to meetings of the Corporation are normally available for public inspection when they have been approved for publication by the Chair.
- 11.2 There will be occasions when the record of discussions and decisions will not be made available for public inspection; for example, when the Corporation considers sensitive issues or named individuals and for other good reasons. Such excluded items will be kept in a confidential folder by the Clerk, and will be circulated in confidence to Corporation Members save for those Members who have a conflicting interest in the particular sensitive matter. Some confidential items are likely to be of a sensitive nature for a certain period of time only (for example information relating to a proposed commercial transaction or collaboration with another institution). Such items should be reviewed annually by the Clerk to consider whether the confidential status should be removed or whether the public interest in disclosure outweighs that confidential status and the item made available for public inspection, after ratification by the Board.

- 11.3 However, staff and student Corporation Members have no right of access to minutes dealing with matters in respect of which they are required to withdraw from meetings under the College's Instrument of Government.
- 11.4 It is important that the Corporation and its Committees have full and frank discussions in order to take decisions collectively. To do so, there must be trust between Corporation Members with a shared corporate responsibility for decisions. Corporation Members should keep confidential any matter which, by reason of its nature, the Chair or members of any committee of the Corporation are satisfied should be dealt with on a confidential basis.
- 11.5 Corporation Members should not make statements to the press or media or at any public meeting relating to the proceedings of the Corporation or its Committees (see paragraph 9 of Section 1 Board Procedures). It is unethical for Corporation Members publicly to criticise, canvass or reveal the views of other Corporation Members which have been expressed at meetings of the Corporation or its Committees.

12. COMPLAINTS

- 12.1 In order to ensure that the affairs of the College are conducted in an open and transparent manner and that the College is accountable for its use of public funds but also to its employees, its students and the community it serves, it is important for there to be appropriate complaints procedures in place and for these to be well publicised. Corporation Members are reminded of their specific responsibility under the Articles of Government to make rules specifying the procedures in accordance with which employees may seek redress of any grievances relating to their employment, of the importance of having formal complaints procedures in place to handle issues raised by students, former students and third parties and of the legal requirement to have a whistle blowing procedure in place.
- 12.2 Under the ESFA's Financial Memorandum with Colleges (Part 2, clause 19.4), students, employers and other third parties have a right to make a complaint to the ESFA in respect of the College or of any of its decisions. Corporation Members in particular are reminded that under the ESFA's Procedure for dealing with complaints about Providers of Education and Training (July 2014) the ESFA:
- *can* investigate complaints about quality or management of learning provision, undue delay or non-compliance with published procedures, poor administration by the Provider, equality and diversity issues (except where there is a more appropriate mechanism for dealing with the matter through the court or tribunals or other organisations), health and safety

concerns and complaints made by learners following HE courses in FE colleges;

- *will not* investigate complaints about examination results or curriculum content where a more appropriate form of redress would be the examining body or Ofqual, individual employment issues, contractual disputes, save where this relates to a course funded by a 19+ Advanced Learning Loan, or matters subject of legal action or where legal proceedings are the most appropriate way of resolving the dispute.

12.3 The Chief Executive of the Education & Skills Funding Agency has a formal procedure for considering complaints against the Corporation, or against individual Members, and these should be addressed to The Chief Executive, The Education & Skills Funding Agency, Cheylesmore House, Quinton Road, Coventry, CV1 2WT. However, the ESFA will not normally deal with complaints unless they have been first registered under the College complaints procedure, and the complainant is dissatisfied with the College investigation of the complaint or the redress offered.

12.4 The College Procedure for consideration of complaints against the Corporation or individual Members is set out in Appendix 7.

13. ATTENDANCE AT MEETINGS

A high level of attendance at meetings of the Corporation is expected so that Corporation Members can perform their functions properly.

14. GOVERNANCE DEVELOPMENT

14.1 The Corporation shall seek to ensure that all Corporation Members are appointed on merit, in accordance with an open selection procedure carried out by the Corporation's Search & Governance Committee, and are drawn widely from the community which the College serves so as to be representative of that community. The Corporation should have regard to the provisions relating to the membership of the Corporation in the College's Instrument of Government, the need to combat discrimination and to promote equality, and the need to make available a range of necessary skills and experience to ensure that the Corporation carries out its functions under the College's Articles of Government.

14.2 Corporation Members must obtain a thorough grounding in their duties and responsibilities by participating in the College's governance induction and training programmes, including regular refresher workshops.

14.3 In order to promote more effective governance, Corporation Members will carry out an annual review of the performance by the Corporation of its

duties and responsibilities, including a review of their own performance as part of a continuing and critical process of self evaluation.

The Seven Principles of Public Life

The following is an extract from the Second Report of the Nolan Committee on Standards in Public Life, May 1996

SELFLESSNESS

Holders of public office should take decisions solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

INTEGRITY

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in the performance of their official duties.

OBJECTIVITY

In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

ACCOUNTABILITY

Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

OPENNESS

Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

HONESTY

Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

LEADERSHIP

Holders of public office should promote and support these principles by leadership and example.

APPENDIX 4

Under the College's Articles of Government the Principal shall be the Chief Executive of the College and shall be responsible for:

APPENDIX 5

Summary of Main Provisions of the Financial Memorandum with the Skills Funding Agency

Purpose

The ESFA issues a Financial Memorandum for further education colleges, which came into force on 1 August 2014.

Format

The ESFA provides funding under the Apprenticeships, Skills, Children and Learning Act 2009 on the basis of grant – in aid. Such grants are provided subjects to conditions set out in the Financial Memorandum. The ESFA also provides funding under the Education Act 2002. Such funding is not limited to provision by grant – in aid so the appropriate document is a Funding Agreement which is contractual in nature.

The ESFA's financial memorandum is in one part, applicable to all providers it funds, with only the financial annexes differing between institutions, unless there is a particular need for special provisions specific to a particular institution.

The EFA Funding Agreements are structured in two parts. Part 1 deals with matters relating to financial accountability, such as the responsibilities of the governing body and of the accounting officer, the requirement to provide information, and the requirements in relation to financial reporting and audit. In the version of the EFA funding agreement for general FE and specialist colleges, this material is omitted, since EFA will take assurance from the equivalent provisions in these colleges' Financial Memoranda with SFA. For the same reason, the version of the Financial Memorandum which is now provided by the SFA to sixth form colleges omits those provisions. This is because the SFA will rely on equivalent provisions in the sixth form colleges' Funding Agreements with the EFA.

In practice, if a general FE college, receiving funding from the ESFA were to get into serious financial or quality difficulties, there would be intervention through a Notice of Financial Concern and/or the involvement of the FE Commissioner and regulatory action would take place to regularise the position.

There follows a commentary on the main provisions of the ESFA Financial Memorandum for further education colleges.

Definitions

It should be noted that references to public funds include funds provided by OfS as well as those provided by the ESFA.

Statutory framework

The conditions set out in the Financial Memorandum are intended to enable the Chief Executive of Skills Funding to carry out his functions under the Apprenticeships,

Skills, Children and Learning Act 2009 (ASCLA). The Chief Executive has responsibilities as accounting officer to his or her department for ensuring that the use of funds which he/she receives from the Secretary of State is consistent with his/her statutory remit and any conditions imposed by the Secretary of State.

Responsibilities of a Governing Body

The Financial Memorandum recognises that a Corporation is an independent body responsible for managing the college and ensuring its financial viability. However, the Corporation must inform the Chief Executive of any transaction that could jeopardise the college's financial viability and must also be able to demonstrate that all transactions achieve value for money for funds provided under the financial memorandum.

The governing body must appoint an accounting officer (expected to be the chief executive/principal of the college). There must be an accounting officer in place at all the times and the ESFA must be informed of the accounting officer's name and position and who will discharge their various responsibilities if they are absent from the college for an extended period.

The accounting officer takes personal responsibility, which is not delegable, to ensure compliance with the Financial Memorandum and conditions of funding. The accounting officer may be required to appear before the Public Accounts Committee on matters relating to the Corporation's use of funds.

The accounting officer must advise the governing body if at any time in his/her opinion any action under consideration by the governing body is incompatible with the Financial Memorandum. If the governing body resolves to continue with such action the accounting officer must inform the Chief Executive.

Allocation of funds

The Chief Executive will allocate funds to the Corporation annually provided that he/she is satisfied that the Corporation is financially viable and able to deliver education of a reasonable quality meeting the needs of learners and employers and the Corporation has met the previous year's conditions of funding. The Corporation is free to spend its funding as it sees fit provided it fulfils the conditions of funding but funds must not be used to deliver provision in respect of which the Corporation has already received other funding, public or otherwise, unless agreed by the Chief Executive. The Chief Executive can require assurance that delivery of provision complies with the Financial Memorandum and require, at the College's cost, evidence to support payment claims.

Capital transactions

The Corporation must manage its property with regard to good practice guidance in the FE sector. It is no longer necessary to obtain approval of the Chief Executive to the disposal of land or buildings which had been acquired or developed with the help of capital grants from the SFA or previous associated bodies, but the Chief Executive must be notified in writing of such transactions and reserves the right to require repayment of some or all of the associated grant.

Financial reporting

The Chief Executive specifies the information to be contained in the Corporation's financial statements. Audited financial statements must be provided to the Chief Executive within five months of the Corporation's year end (i.e by 31 December each year). The Corporation must have an effective policy on risk management. The Corporation must notify the Chief Executive in writing if at any time there is a risk to the college's solvency and viability.

Audit

The Corporation must appoint an audit committee and arrange to provide internal and financial statements audit, including regularity audit, in accordance with the Audit Code of Practice.

The Corporation must investigate and report to the Chief Executive all significant cases of fraud or suspected fraud.

Payment to employees on termination of employment

The Corporation must only make payments to employees on the termination of their employment for the purpose of meeting contractual obligations. Payments must be demonstrated to be regular, secure value for money and avoid spending funds on settlements where disciplinary action would have been more appropriate. Where employment claims are brought by a senior post holder it should take appropriate professional advice on any proposed settlement and the terms of the final agreement should be agreed by the governing body and brought to the attention of the financial statements auditors.

Provision of information

The Chief Executive reserves the right to request information from the Corporation in order to exercise his responsibilities. The Corporation must inform the Chief Executive in writing of the vacating or filling of the positions of Chair of the governing body, Principal and Clerk. The Corporation must inform the Chief Executive if it is sanctioned by an awarding body. The Chief Executive has an expanded right to share information provided by the college, for example with Parliamentary bodies.

Additional conditions of funding

The Chief Executive reserves the right to impose additional conditions where he/she considers it necessary to secure the delivery of education and training of a reasonable quality or to require the Corporation to address concerns about its financial viability.

Repayment of funds

In the case of a breach of the conditions of funding the Chief Executive reserves the right to require repayment of all or part of the funds.

Raising Standards, Feedback and Complaints

The college must deliver the funded provision to an acceptable standard of quality

and comply with the Performance Management Rules published by the Chief Executive. There is a set procedure for dealing with inadequate provision which may lead to issue of a Notice of Concern or ultimately a Notice of Withdrawal of Funding. The strengthened ESFA intervention process implements the policy set out in *Rigour and Responsiveness in Skills*.

Colleges are expected to have acceptable procedures for gathering and acting upon feedback and complaints from learners and/or their representatives and employers and the wider community. These must be made available to those who may wish to complain. Where a complaint is not resolved satisfactorily the complainant must be informed of their right to complain to the Chief Executive.

Additional matters

The Financial Memorandum incorporates a number of other clauses on compliance matters such as health and safety, equal opportunities, data protection and freedom of information, and State Aid.

Interpretation

Nothing in the Financial Memorandum shall require the Corporation to act in a manner which would cause the Corporation to cease to be a charity.

Colleges need to familiarise themselves with the detailed content of the new financial memorandum and funding agreement in the versions applicable to their type of college. However, despite the presentational differences in the documentation, colleges will find that the substance of the requirements that they need to meet is largely unchanged.
